BANK FAILS AT ARLINGTON

Private Concern Closes its
Doors This Morning at
That Place.

Local Banks Have Been Ex-
pecting it and Would Not
Honor Checks.

The patrons of the Arlington bank who approached the building this morning were astonished to find that it was closed and that a notice inviting the creditors to a meeting to be held at 9 o'clock tomorrow morning, was posted on the door.

The bank has been located in Arlington but eighteen months and was thought to be a thoroughly reliable institution. The Arlington people being pleased with having a bank in their village, had perfect confidence in the institution and were depositing large sums of money with it. Messrs. Horace Goodrich and Oliver Jones, the young men who owned the bank and conducted its business are regarded as model young men. They came to Arlington from Pendleton where they bear an enviable reputation for honesty. The cause of the failure is not known here exactly, but bankers are of the opinion that the two young men, both of whom, it is reported, are inexperienced in the banking business, went too far and over reached their mark. According to the reports the bank had been doing a splendid business.

In summing up the cause a resident who was in this city today said that the failure was undoubtedly due to bad investments. Another report going the rounds here today is to the effect that some of the heaviest creditors talked with Messrs. Goodrich and Jones Saturday evening and that after an examination of the books had been made, it was found that the bank had too many loans for the amount of deposits—having \$14,000 loaned and \$10,000 deposits. It is said that after this meeting it was decided to close the doors until more could be secured and a reorganization effected.

The local banks have been expecting a failure for about a week and have been refusing to honor checks on the Arlington bank. Men have been sent over to Arlington to cash the checks. All of the local banks who have been doing business with the Arlington bank, it is said, drew out their money last week.

Attorneys from the banks in this city have been visiting the bank and several Arlington citizens grew suspicious and intended to draw out their money today. A run on the bank was forestalled, however, by the closing of the doors. Several of the prominent citizens of Arlington had large sums of money in the bank. The people had complete confidence in the institution.

The closing of the bank caused considerable excitement and the news spread quickly to this city. Many people from this city went over to Arlington among them two or three local merchants who are reported to have had small sums on deposit.

Mr. Jones, one of the owners of the bank, is a man with enough wealth, it is thought, to assist greatly in pulling the bank out of its hole. Mr. Goodrich, however, it is said, is not so well fixed. Mr. Jones has begun excavating for a new house in Arlington, and is to be married in June. Neither of the men, it is said, is over twenty-five years of age. We are informed that Messrs. Goodrich and Jones are the only men interested in conducting the bank. Mr. Goodrich is president, and Mr. Jones, cashier.

Mr. Goodrich was in the city Saturday conferring with the bank's attorneys, Stevens & Nipp. It is said that he is greatly worried on account of the bank's condition.

The latest report from Arlington states that a new bank—either a State or National—will be organized tomorrow which will settle up the affairs of the old bank on the same plan as was done in Milroy. Depositors will not lose anything. Messrs. Goodrich and Jones will make good every deficiency from whatever source.

MUST NOT SMOKE

Presbyterian Assembly Votes
Against the Use of Tobacco
by Ministers.

"Resolved, That we earnestly deplore the use of tobacco and intoxicating liquors on the part of the ministers, elders and members of the church." This resolution was introduced by the Rev. A. M. Dawson before the second session of the spring meeting of the Cincinnati Presbytery. One member of the Presbytery argued eloquently that it made no difference what went into a man's mouth, but what came from it was a matter of vital import, and that tobacco and wine were not to be considered in comparison with scandal, gossip and backbiting, in the indulgence of which, he said, there was apparently no lack even in clerical circles. He concluded his talk with a quotation from the Scriptures. "Not that which sooth into the mouth defileth a man; but that which cometh out of the mouth, this defileth a man." But this argument failed to impress the Presbytery, for when the question was repeated and a final vote taken there was an overwhelming count in favor of the resolution.

CHARLES GIBSON FINDS HIS WIFE

Connersville Woman Elopes to
Chicago With Another
Man.

The Connersville News of Saturday says Charles Gibson and his wife, who eloped with an alleged cousin, Wednesday, returned to this city last night. Hamilton, the other man in the case, was, it is said, on the same train, but continued on east.

Mr. Gibson could not be seen but the story of his trip as gathered second hand is that on arriving at Chicago he espied his wife's trunk in the railway baggage room and at once recognized it. He gave orders that it be held and started through the waiting room, meeting his wife just outside. Some kind of reconciliation was reached and the couple at once prepared to return home, taking the trunk with them.

Hamilton was not with Mrs. Gibson when she met her husband, and she refused to tell where he was. She gave no explanation of her sensational escapade.

A FREAK ARTICLE AT HARTFORD CITY

A Maltese Cat Nurses Two
Young Squirrels With Her
Kittens.

A special from Hartford City says the following of a freak of animal nature in that city:

A peculiar freak of animal nature is the sight of a female maltese cat nursing two young squirrels along with a litter of newly born kittens at the home of Wm. Racer, east of this city. While felling a tree on his farm a squirrel's nest with two young animals and the mother were found. The mother was killed when the tree fell and the two squirrels with eyes yet unopened, were taken home by Racer and placed with the kittens. Instead of eating them as was supposed she would do, the mother cat adopted them and guards them just as carefully as if they were her own.

The squirrels take their nourishment the same as do the little kittens, and apparently are getting along nicely. Their eyes have not yet opened and they will probably never know the deception that has been practiced upon them.

WILL FIGHT THE TRACTION LINE

The C., H. & D. Reduces Its
Fare Between This City
and Indianapolis.

The I. & C. is Beginning to Make
Itself Felt—the Rate is Now
2 Cents per Mile.

Falling in line with the Big Four route and the Lake Erie & Western in their fight against interurban electric railway competition, the C., H. & D. will on Wednesday of this week place on sale at Indianapolis and this city and all stations between, a two-trip ticket, good for one round trip or two persons one way, at a greatly reduced rate. The present fare from this city to Indianapolis one way is \$1.20; round trip, \$2.15. The two-trip ticket will sell for \$1.60. It will be good for thirty days.

As the road has seven fast trains at convenient hours in each direction between these two places, it will probably be a drawing card for travel.

Two-trip tickets, at greatly reduced rates, sometimes as low as the interurban electric rates, are now sold by the Big Four and the Lake Erie to all points to which they are paralleled by electric lines. The C., H. & D. has before found it necessary to meet interurban competition, but the local division of the Indianapolis & Cincinnati Traction company is beginning to make itself felt. The monon and the Pennsylvania lines have not yet met the interurban competition as the other lines have.

It is thought the final outcome will be a general lowering of steam road rates throughout the State even where trolley lines do not parallel.

With this reduction in fares by the C., H. & D., the frequency and regularity with which the trains are running and the fast time made between this city and Indianapolis, it is now up to the I. & C. to change its schedule both to faster time and the frequency in which the cars are running.

This, it is reported, will be done about June 1st, at which time improvements at the Belt viaduct will have been completed and the ballasting of the line finished between this city and Indianapolis.

Active operations will begin soon on the extension of the traction line to Connersville.

The traction company is sending its scrapers and other implements east and scattering them along the right-of-way. It is thought that the work of grading will begin next week at several different points.

HAPPENINGS IN CIRCUIT COURT

Stoten Case Dismissed—Manlove
Will Case Venued to Wayne
County.

In the circuit court the case of John Stoten vs. Martin Lewark on a contract has been dismissed and costs paid.

The famous case of George E. Manlove and others vs. Mary L. Meyers and others, to contest a will, which involves some twenty-five people and a large amount of property and which was venued to this county from Fayette, has been sent to Wayne county on change of venue.

Sanford M. Poston has been given judgment against Harvey P. Wellman for \$379.36 on a note.

In the judgment case of John R. Gray vs. Thomas McDaniel, the defendant defaulted and judgment against him for \$506.43 was rendered.

The C., H. & D. has surplus of engineers, and yesterday reduced six engineers to the position of firemen.

NEARING A JUNCTION

Rojestvensky and Nebogatoff
Will Get Together
Soon.

Tokio, May 8.—Assuming that Vice Admiral Rojestvensky meditates a speedy junction of his squadron with Vice Admiral Nebogatoff's division, it is believed here that the meeting of the ships may be expected by Tuesday, May 9, the speed of Nebogatoff's division being only about seven knots an hour. These ships are believed to be in need of coal and stores, and their deficiencies in this respect probably will be supplied by Vice Admiral Rojestvensky at some friendly port after the two admirals effect a juncture.

The future movements of the Russian Pacific squadron is a matter of speculation here, although the delay of Rojestvensky on the Indo-China coast has raised doubts as to his purpose to move northward and risk an engagement at an early date. The Vladivostok torpedo boat destroyers have not been reported, and it is believed they have returned to Vladivostok.

ARE CUBEBS UNDER BAN?

A Question Which is Now
Worrying the Druggists
in This State

Druggists in many parts of the State fear they may be caught under the anti-cigarette law because they have stocks of "cubebs," as a form of cigarette made with that drug, instead of tobacco, is called.

One druggist at Jeffersonville is holding his stock until he can get an opinion from the city judge. On the packets in which the "cubebs" are inclosed they are described as "cigarettes." They are wrapped in rice paper. The boxes contain ten or twelve cigarettes and are sold for a dime a box. They, therefore, it is said, come under the law, which speaks of "cigarettes, cigarette paper or cigarette wrapper," and makes no mention whatever of the substance used as filling, the all important thing in the minds of the legislators and in the law seeming to have been the "makings."

A day or two ago a number of young men were seen smoking some of these harmless "cigarettes" and were told by a cigar merchant that as far as he could judge they were violating the law by their actions and were rendering themselves liable to fine and costs of \$25, with every whiff they drew. They soon saw the point and promptly threw away the "woods."

The directions on the packets is to "inhale" the smoke, the cigarette being in all external features just like the genuine article except that it is made with a mouth-piece of waxed paper. As "inhaling" is supposed to be one of the bad features of the cigarette proper, it is thought this will strengthen the case against these little imitations.

WARRUM GETS \$3500 DAMAGES

Jury in the Hancock County Case
Gives Verdict for that
Amount.

The trial of the Warrum damage case against the Pennsylvania Railroad company, venued from Hancock county, was concluded in the circuit court this morning. The trial lasted over four days. The arguments were concluded this morning. Judge Sparks charged the jury and the jury retired at 9:30. At 1:45 this afternoon the jury reached an agreement and rendered a verdict giving the plaintiff \$3500 damages.

MOVEMENT FOR Y. M. C. A. HERE

Ministers in Rushville Pulpits
Make a Plea for its
Establishment.

Rev. W. W. Sniff Says Young
Men Should be Saved—Ar-
raigns City Authorities.

In the pulpits of the different churches in the city last night the ministers of the various congregations uttered a strong plea for the establishment of a Young Men's Christian Association in this city.

That such an association is badly needed there can be no doubt. The young men of this city need a place where they may spend their evenings amid proper environment. It is easy to be interested in the young men because of their possibilities and the need of a place where they may be welcomed and made to feel that they are capable of winning still higher laurels than those which they have won.

At the Main Street Christian church Rev. W. W. Sniff was strong in his denunciation of the city authorities for the lax enforcement of the law which has been noted as going on in this city. Rev. Sniff called the attention of his hearers to the young men going wrong in our city, numbers of whom he stated had become confirmed gamblers and who did nothing nor thought of nothing but gaming. He declared that if the men of the churches would unite in one mighty effort to see that the laws are enforced it could be done.

Rev. T. H. McConnell and the other ministers, too, attacked the city authorities in regard to the enforcement of the laws. He made the startling statement that he could go down the street and would find that at least half of the young men whom he would meet had been drinking.

The need of a Y. M. C. A. was never before so plainly put before the people. The sermons were the topic of conversation today and from the indications, it is probable that a movement toward the establishment of a Y. M. C. A. here will be started soon.

Such an institution would include a gymnasium, a library, reading room, chapel and other equipment which goes to make an association complete. Interesting and instructive meetings would be held and the young men would be afforded a splendid place in which to spend their evenings in innocent amusement.

The matter is one which the citizens here should consider and one too which they should lend their aid. A strong effort should be made to raise the necessary funds and all those who are interested in bettering the condition of the city's young men should put their shoulder to the wheel and carry the movement forward until the end in view is accomplished.

Put Plant Out of Business.

Logansport, Ind., May 8.—H. J. Heinz & Co., of Allegheny, Pa., who shut down their packing plant at Kewanee, throwing many men out of employment and paralyzing the town's chief industry, assign as a reason their inability to persuade Cass county farmers to raise pickles. If farmers will plant pickles in sufficient quantity they say the factory will be reopened.

Tried to Kidnap Child.

Goshen, Ind., May 8.—Mary Beatty, four years old, was kidnapped by a stranger, but when pursued by two elder sisters the man dropped the little girl and fled. The girls were at a merry-go-round when the incident occurred and the kidnapper took the little girl across the river into the lowlands, closely pursued by the two sisters, before he abandoned her.

Doesn't Like New Law.

Lafayette, Ind., May 8.—Ferdinand M. Hawthorne, the Purdue Junior who was arrested for smoking a cigarette, says he doesn't like the new law and it is said he will appeal the case to a higher court and test the constitutionality of the anti-cigarette law.

CORN PLANTING RETARDED

The Heavy Rains Interfere to a
Considerable Extent With
Farm Work.

Farmers are generally thankful for abundant rain showers, but the heavy deluge of the past week came at a most opportune time. It is the season of corn planting and while a few of the farmers already have the crop planted a majority of them are waiting for Old Sol to dry the ground sufficient for them to plow. The great bulk of the planting will be done this week, if the weather is favorable, but farmers will have to delay the work until Wednesday at least before the ground is in shape. The prospects are for a large acreage of corn being planted in Rush county.

A WHITE WOMAN AND A NEGRO

Left Connersville and Were
Arrested at Hamilton, Ohio—
Woman Returns.

Mrs. Orpha Caldwell, the Connersville white woman who was arrested at Hamilton with Marcus Hill, colored, also of Connersville, and fined and jailed for loitering, is back home, says the Connersville Examiner.

The couple was arrested in a residence in Chestnut street in Hamilton, where the couple had been living. Both are married. Mrs. Caldwell was sued for divorce some time ago, but her husband has not pressed his suit. Bass is a barber and sometimes plays the banjo in cigar stores. Neither stands very high in Connersville. Mrs. Caldwell is 19 years of age and Bass is 21. Bass is still in jail at Hamilton.

The negro and woman had been in Hamilton about a week. Infatuated with Bass the Caldwell woman says she gave up a happy home for the negro. The attention of the grand jury which is now in session at Hamilton will be called to the couple.

THE SHOOTING MAY BE FATAL

Attorney Shoots Wife's Son
After the Latter Had Threat-
ened Him.

Rensselaer, Ind., May 8.—A sensational shooting affair occurred at Remington, twelve miles south of this place. Jasper Guy, an attorney, shot W. H. Kenyon three times with a revolver at close range, and one wound in the abdomen is likely to prove fatal. Kenyon is a son-in-law of Guy's wife, being married to her daughter by a former husband.

Guy lately instituted a \$1,000 damage suit against his wife, then followed this by a sensational divorce complaint and still later had her arrested on two charges of attempting to murder him with arsenic. The trouble between Guy and Kenyon grew out of the suits, Kenyon, it is alleged, having announced his intention to give Guy a terrible beating.

Kenyon is a large and very able-bodied man, while Guy is small and in poor health. Guy gave himself up and was brought to Rensselaer. He was released on \$1,000 bonds, his brother-in-law, Harvey Hartman, being his bondsman. He claims self-defense. The latest reports are that Kenyon will not survive.

Knapp Pleads Not Guilty.

Richmond, Ind., May 8.—A change of venue may be asked in the case of John Knapp, charged with the murder of Leonard Geisler, marshal of Hagerstown. Knapp was arraigned before Judge Fox in circuit court to answer to the indictment charging him with murder in the first degree. A plea of not guilty was entered. The case will not be tried before June, and it is possible that the trial will go over until September.

THE STATUTE IS NOT VALID

Corporation Members Can be
Made Municipal Ser-
vants.

City Attorney of Indianapolis De-
clares That New Law Can-
not be Made to Stand.

City Attorney Warrum, of Indianapolis, has held invalid the provision of the new cities and towns act making it unlawful for a person to serve the city who is an officer or an employee of any corporation operating under a city franchise. The attorney holds that the law is invalid for the reason that the constitution of the State provides specific cause for disqualifications and does not provide that the legislature can make further restrictions. He calls attention to that part of the constitution which says:

"The General Assembly shall not grant to any citizen, or class of citizens, privileges or immunities, which, upon the same term, shall not equally belong to all citizens."

He quotes several Indiana decisions to show that the supreme court of the State bears him out in his opinion, and says:

"The question is not free from doubt, because the courts of some States have held that the legislature can impose additional qualifications as to those fixed by the constitution, as requiring councilmen to be freeholders. But I do not believe that the rule prevails in Indiana, and I am inclined to the opinion that under the constitutional provisions and the decisions cited, the legislature is exceeding its power in disqualifying from appointment or election to municipal office a citizen constitutionally eligible and otherwise qualified, except by the fact that he may be an employee of a corporation holding a franchise granted by the city."

ANOTHER DIVORCE SUIT IS FILED

Ona Howell Asks a Legal Sepa-
ration From Lewis
Howell.

Mrs. Ona Howell, today, through her attorneys, Megee & Kiplinger, filed suit for divorce against Lewis Howell, alleging cruel and inhuman treatment, profanity and failure to provide. She also asks \$900 alimony and the custody of her five children.

In her complaint, Mrs. Howell avers that her husband repeatedly cursed herself and children, that he tried to choke her and that he failed to furnish clothing and other necessities for his family, compelling the defendant to seek aid from the neighbors and the churches. The couple were married on January 14th, 1891 and separated May 6th, 1905.

RUSHVILLE, IND., MAY 8, 1905.

The season is upon us when the neighbor's lawn mower will take the place of our own alarm clocks.

Japan's population, including Formosa is nearly 50,000,000. In seven years the city population has increased 4,400,000 and the rural population 3,200,000. The Japanese birth rate of 33 per 100 is high compared with that of other countries, and the death rate of 19 per 1000 is lower than that in the United States.

While a great many factories are always on the move in quest of bonus, factory hands are even greater roamers. The population of a manufacturing center is a very uncertain quantity, and this is especially the case with the "gas belt towns" of Indiana. They have what might be termed a floating population, that are as migratory in disposition as the birds of the air. They journey from factory to factory, and from town to town. Many of them are chasing the ignis fatuus of a soft snap, and many of them never find the goal of their ambition, and consequently remain poor all their lives notwithstanding the good wages they earn.

A plan for the cure of "race-suicide" was proposed lately by Dr. Alice B. Stockham before the members of the Chicago Society of Anthropology. It consists in the establishment of a federal department of human culture, to be headed, like the other Federal departments, by a cabinet member. Under the supervision of such a department, Dr. Stockham said, should come the subjects of home making, home building, domestic science, marriage and divorce, tokology or child study, and a string of other "ologies" with Greek prefixes. The new department should supervise the building of comfortable and sanitary dwellings, regulate marriages by a system of preparations and qualifying examinations and establish playgrounds and kindergartens, all under the direction of experts. The plan looks too Utopian to be practical.

DEARTH OF POLITICS

Little Will Be Doing While the Leaders Are Away.

Indianapolis, May 8.—Senator Hemenway is making arrangements to leave for Washington immediately after the special election in the First district May 16, to name his successor in congress. His daughter graduates from a college at Washington about the first of June and he will be present. He will then join Speaker Cannon and a committee appointed to visit the Lewis and Clarke exposition at Portland. He will go from there to Alaska with several members of the senate and congress and will probably not return to Indiana before the first of September. Senator Beveridge expects to be in Europe for six or eight weeks and to spend the hot summer months in the northern Maine woods. With Senator Beveridge in Europe, Senator Hemenway in Alaska and Vice President Fairbanks laying the preliminary structure for his presidential boom it is not likely there will be much doing among the party leaders during the summer relative to the organization for the coming state campaign. The vice president is at Washington receiving the delegates to the international railway congress in the place of President Roosevelt, but he will soon return to Indianapolis.

First district Republicans are sanguine of electing Judge Foster in the special congressional election May 16. On the other hand the Democrats are equally hopeful of the election of Major Menzies. The Democrats are confident of carrying Posey county by 1,200. It is Major Menzies' home and he is popular there. The normal Democratic majority in Posey prior to the landslide was about 600. The Democrats expect to carry Pike, Warrick and Spencer by old-time majorities, but they admit they will have a hard row in Vanderburg county, which has shown during the last six years that it is generally good for at least 2,000 Republican. Judge Foster has always run ahead of his ticket in Vanderburg county, and it is reasonable to figure that he will prove a strong card again, although it is admitted that Major Menzies is no mean opponent, as he has a large following among Democrats as well as Republicans. The Republicans will not be able to present a united front, owing to the quarrel between the Cunningham and Brady forces over the nomination, yet they have control of the election machinery, which means a great deal, especially at Evansville, where there is a big floating population.

Former chairman of the Republican state committee, C. S. Hernly of New-castle, has quit politics, he says. He is now engaged in promoting an electric line between here and Toledo, O., and an electric belt railway for Indianapolis. Hernly figures that the Indianapolis Union Railway company's belt will be rendered practically useless as soon as the steam roads are compelled to elevate their tracks. When the tracks are elevated it will be necessary, he says, for many factories to seek new locations, and he believes they will locate along the electric belt. The latter will be equipped for handling freight as well as suburban passenger traffic. The trolley line to Toledo is to have latest improved electric engines for hauling freight trains. Hernly says his company will begin work on the road within the next few weeks.

Arrest Created Sensation.

New Albany, Ind., May 8.—All New Albany is still discussing the arrest of the Rev. Ulysses Sutherland, former pastor of the Park Christian church, for the murder of his wife last October. The action of the grand jury created consternation in the city, and nothing else has been talked of since the fact became known that an indictment had been returned. Public sentiment is all with the accused minister, and few people have any confidence in the statement of the prosecutor that he has evidence enough to convict Sutherland.

Oil Prospects in New Field.

Laporte, Ind., May 8.—The Crown Lubricating Oil company, an Indiana corporation capitalized at \$1,000,000, has invaded Laporte county and is taking leases for the purpose of sinking wells. Experts have visited the county and have reported on geographical conditions. Operations of the company will be extensive.

May Yet Be Murdered.

Lafayette, Ind., May 8.—The condition of Martin Carr, the policeman who was shot by Charles Adams while the latter was drunk, has taken a change for the worse and the doctors now state that his chances for recovery are very small.

Trust Engages Root.

New York, May 8.—Elith Root, ex-secretary of war, has been engaged by the American Tobacco company as one of its counsel in the investigation of the company's affairs which is being conducted in this city by the federal grand jury.

Out of His Element.

Orleans, Ind., May 8.—While trying to shake a squirrel out of a tree Earl Peak, aged eighteen, fell a distance of thirty feet, fracturing his skull and otherwise injuring himself. He is still alive, but not expected to recover.

Hillsboro, Ind., May 8.—Henry Clinkner of Veedersburg, while trying to board a moving freight train, fell under the wheels, crushing both feet, one so badly that it will have to be amputated.

THE CRUCIAL TIME

This Week Will End Chicago Strike or Lead To Worse Trouble.

INDUSTRIAL UPHEAVAL

If a Settlement Is Not Soon Reached The City May Be In Hand Of General Strike

Thousands Of Workers In Affiliated Lines May Be Called to Show Their Sympathy

Chicago, May 8.—This week will either bring an end to the teamsters' strike in Chicago or else one of the worst industrial upheavals in the history of the city. The present trouble, which has lasted for two weeks, has reached a point where the business men involved in the difficulty appear to have gained a decided advantage and the teamsters appear now to be in a position where they must either yield or decide to extend the strike by calling out thousands of other workmen engaged in affiliated unions. This the strike leaders up to the present time have refrained from doing, while on the other hand the business men have made preparations which if carried out successfully would indicate that the teamsters will be compelled to surrender or call on their unions for assistance. The Chicago Federation of Labor, the central body for all the unions in the city, met Sunday, but took no action looking to an extension of the trouble. A great deal of incendiary talk was indulged in, but nothing definite was done, with the exception of the passage of resolutions charging the employers' association with conspiracy, and asking that State's Attorney Healy start an investigation of their business methods.

Commencing this morning the business men increased their efforts to bring the strikers to terms. Arrangements were made by every business house involved in the trouble to at least double its force of non-union men, and at least 1,000 wagons were started out today, manned by non-union men. Each of these wagons is guarded by deputy sheriffs or policemen, and each one of these men has received explicit instructions from their superior officers to prevent disturbances of any kind whatever in the streets, such as were witnessed during last week. The instructions to each of the deputy sheriffs and each of the policemen, are to use every peaceable means in their power to quiet the rioters, but if this means proves unsuccessful, to use their revolvers and use them to kill.

It is not believed that the guardians of the wagons will be called upon to use such strenuous measures to insure the delivery of merchandise by the non-union drivers, as the strikers and their friends show little inclination to clash with the deputy sheriffs or the policemen.

Sunday the seven express companies made deliveries in all parts of the city. Each of the wagons carried two armed guards and in not a single instance did any of the wagons meet with opposition.

During the day several firms involved in the strike succeeded in replenishing their coal supply, which in many cases had dwindled down to nearly nothing. All these coal wagons were driven by non-union teamsters, but no opposition was met with on the part of the strikers and their friends. This was rather an agreeable surprise to the employers, who had anticipated trouble, and is pointed out by them as an indication that the strikers are losing heart and are about ready to surrender.

The employers' association through their chief counsel, Levy Mayer, announced that they would do everything in their power to assist the committee appointed by Mayor Dunne to investigate the causes of the strike. Charges of conspiracy by both sides was the reason given by Mayor Dunne for the appointment of the investigating committee. President Shea of the teamsters' union also said that the unions would be found ready to assist the mayor's committee in every manner possible to bring to light all the facts concerning the difficulty.

Killed His Father-in-Law.

Terrell, I. T., May 8.—In a street duel Sunday morning between Joe Matthews, a farmer, and Bruce Roberts, Matthews was instantly killed. Matthews had objected to the attention of Roberts to his daughter. Saturday night he learned they were married and, meeting them on the public road, fired at Roberts, frightening the latter's team, the bride being injured by the runaway. The father took the daughter to his home. Sunday the father and his son-in-law met at the livery stable. Matthews fired at once and Roberts returned the fire, killing Matthews.

Infernal Machine Failed.

Viborg, May 8.—The police officials investigating the attempt to assassinate Governor Myasoyedoff have received by express a package of papers and clothes with a letter stating that they would throw light on the crime. The package contained an infernal machine charged with dynamite enough to destroy building, but the mechanism failed to operate.

MR. ALEXANDER EXPLAINS

President of the Equitable Issues an Open Letter.

New York, May 8.—James W. Alexander, president of the Equitable Life Assurance Society, has made public a letter written to him by Edward A. Wood, manager of the society at

JAMES WADDELL ALEXANDER.

Pittsburg, in which he asserts that the surplus of the society is held for exclusive benefit of its policy holders and not the holders of the stock. Mr. Alexander also takes occasion in the letter to deny the rumors that he will resign. The letter was written in reply to a request from Mr. Woods for a confirmation of certain official statements made by the Equitable society regarding "the mutual plan of its business and the exclusive ownership of the policy holders of the surplus."

IDENTIFIED AT LAST

Cutler Mountain Victim Was Mrs. Bessie Boutin.

Colorado Springs, Col., May 8.—Mrs. Richard Kemper of Syracuse, N. Y., has identified the remains of the Cutler mountain victim as that of her daughter, Mrs. Bessie Bouton, and has started with the remains for New York. The identification was made complete by the dental work upon the teeth and by a scar upon the right side of the left forehead, as well as by the hair. The mother charged that Milton Franklin Andrews attempted to murder the girl by poison while on the Pacific coast, and this convinced the police that if they can capture Andrews they will be able to establish a good case against him.

The body of Bessie Bouton was found on Cutler mountain, south of this city, on the afternoon of Dec. 17 last. The woman had been shot in the head and every article of her clothing removed. The body had been placed face downward, and in an effort to prevent recognition gasoline had been poured over the remains and a fire built under the face. The extensive dental work was not destroyed, and it was this that led to the positive identification of the victim.

For Show Girl's Release.

New York, May 8.—Counsel for Nan Patterson today renewed their efforts to have the girl admitted to bail. District Attorney Jerome will be asked to take the case up immediately. If the district attorney will not agree to the release of the young woman on her own recognizance he will be asked to fix the amount of bail at a nominal sum. Failing to obtain a compliance with the request for bail, the attorneys say they will make application to the court for a writ of habeas corpus.

A Strange Death Pact.

Berlin, May 8.—Civil Engineer Fuhleroth killed his young bride and himself in consequence of a death pact, made with a third party, and styled "American duel" here. Two men had agreed that one must commit suicide under certain conditions. The civil engineer drew the black ball and felt "in honor bound" to kill himself. His young and pretty wife, a bride of six weeks, begged him to include her in this sorry duel. The pair left heartrending letters.

Two Indictments Returned.

Peoria, Ill., May 8.—As a result of the grand jury's investigation of the Standard Oil company at Pekin, Ill., indictments have been found against two of the high officials of that corporation who reside outside the state of Illinois, and application will be made to Governor Deneen early this week for requisitions to bring them to Illinois for trial. Their names are withheld.

Immigration Records Broken.

New York, May 8.—All records were broken Sunday in the number of immigrants who passed quarantine. Within twelve hours 12,039 foreigners, arriving in steerage, were permitted to enter New York, indicating that the spring influx of immigrants this year will probably exceed the records for former years.

Bullet Claims Two Victims.

Sharon, Pa., May 8.—Inflamed with jealous rage John Sorsoski shot and killed Mrs. John Seech and her sixteen-year-old nephew, Frank Rocci, and then fatally wounded himself. The police say that the bullet which caused the woman's death passed through her body and killed the boy.

Drew Line on Accordions.

New York, May 8.—Because several men who were playing accordions and singing in front of his home would not stop when asked to do so, Peter Novellino of Williamsburg shot and killed Patrick Ketchwa, the leader of the serenaders. Novellino was arrested.

COUNTY NEWS

Glenwood.

Lately we have had some rain, I guess.

The election for the purpose of determining whether or not our town will be incorporated will be held on the 16th inst. Everybody who has a vote should be at the appointed place, the Glenwood school building, between the hours of 9 a. m. and 4 p. m.

Rev. T. J. Anthony preached another excellent sermon from the words, "Go Forward," using the children of Israel as an example. The church was well filled and were very attentive.

Rev. McGarey preached in the U. P. church. His sermon was founded upon the words, "Stretch Forward to the Goal; leaving past achievements and accomplishments behind; also the sins and mistakes of the past are to be left behind." It seems that all ministers are preaching and preaching that we live in an age of progression. We should all remember that we are responsible for our resources of inventions, discoveries and fund of knowledge.

The U. P. church look forward to a new church in which to worship God. Success to them.

Rev. J. T. Anthony will deliver the baccalaureate sermon on Sunday evening of the 21st inst., to the tenth year graduates of the Glenwood high school. There are nine in all. The orchestra will furnish extra music for this occasion.

Mrs. Harlow's sister has been visiting here for a few days past.

While the correspondent to the American calls attention to the pig pens along the principal alleys of our town, he should not forget to call attention to the vehicles along the same.

The Epworth League will meet next Thursday evening to elect officers for the ensuing year. Every member is earnestly requested to be present.

The Odd Fellows of the county should attend the dedicatory services at Greensburg on the 17th inst. This will be the first time that this service has ever been used. The grand lodge officers will do the work.

The Odd Fellows showed the mysteries of the 2d and 3d degrees to Bro. A. A. Anthony on last Saturday evening.

Jas. Henry and wife called on Mr. C. W. Mingle and family last Sabbath.

Only substitute teachers in the M. E. Sunday school were present last Sabbath and, of course, some one had to be drafted into service. Many thanks to those who are willing to be drafted.

Mrs. R. R. Johnson is the guest of her mother in Detroit.

Mrs. N. C. Grimes, of Muncie, is the guest of her parents, Mr. and Mrs. Alonzo Kizer.

David and Rhoda M. Hare will return to their home in Long Beach, Cal., this week.

Horace M. Gear, of Marion, was here Sunday.

Lewis Weingart was in Indianapolis Sunday.

Clarence Weaver, of Indianapolis, spent Sunday in Carthage.

Misses Sarah Hill and Martha Bentley were in Indianapolis Thursday.

Mrs. C. C. Henley has returned from a visit in Chicago.

Mr. Clyde Paes, of Elwood, was a visitor here Sunday.

Miss Mary Brown, of Indianapolis, is the guest of her sister, Mrs. Conrad Kizer.

Hiram Henley, Miss Bertha and Master Lowell Henley were guests of relatives in Richmond Saturday and Sunday.

It is hoped that next Sabbath will be ideal in every way for May Quarterly. The hotels and restaurants are getting ready for business. The streets are cleaned and put in the best of order. Nature is doing her part to make our little city as beautiful as possible, and we should aid all we can.

Rev. Thomas Hodgins, of Michigan, who held revival services in the Columbia last fall, is conducting ser-

vices at the same place. His meetings were signalized by religious frenzy, startling confessions, and large congregations, and the meetings now in progress bid fair to become as intense as were the ones previously held.

The program of the Ministerial Institute of the Connersville District to be held at the M. E. church, Carthage, May 15th, 16th and 17th, indicates a series of good sessions as excellent talent in and also out of the conference, has been engaged. About thirty-five ministers are expected to be present. Following is the program:

MONDAY EVENING

Devotional Exercises, Bert D. Beck. Address Dr. W. P. Thirkield.

COLLEGIANS ARE BLANKED

Masterly Pitching by McCord the Feature of the Game.

Cullen's Timely Hit in the Eighth Inning Scores Two Runs For Rushville.

If gilt edged ball was ever pitched on the local diamond, "Wee" Johnny McCord did it yesterday. Mac was in fine form and at only three different times did he allow his opponents to land on the ball for a base. Seventeen of the visiting batsmen went down and out through their inability to solve his delivery.

Opposed to McCord was Gatch, the crack Cincinnati Gym Shamrock twirler, who pitched a good article of ball. Only three were obtained off his delivery. One of them, however, was a three base drive to deep center-right field by Willie Kiser.

From a fielding standpoint the locals put up splendid ball, only two errors being registered against them. These were made by Pearsey, who failed to stop a throw from Cullen and who made a wild throw to catch Schieblly at second.

The weather man was generous with his favors and the grounds were in pretty fair shape for the game.

McCord had the college chaps completely at his mercy and struck them out at will. Morgan was in fine throwing condition and not once did a man steal a base upon him.

The goose eggs handed up to the visitors certainly looked good to the fans for the Collegians are an aggregation with a reputation.

Kiser's three sacker in the second inning proved a big surprise. The youngster has not been hitting well this season, but he has been practicing diligently on his batting and there is already noticeable improvement.

In the absence of Cantain [Conklin, Johnny McCord was appointed field captain and he chose the Right Honorable and Capable "Windy" Morgan as his assistant. Carter was placed at second base on account of his injured shoulder and Cullen went to short. Jack's timely hit in the eighth which scored the final runs fairly made the crowd howl and put Capt. McCord in an ecstasy of delight.

This is how it was done: Rushville scored her first run in the initial inning when Cullen reached first on an error by Phister, who failed to clutch Ryan's throw, took second on Morgan's out, reached third on an error by Ryan, who fumbled Wagner's whisker trimmer and scored on an error by McCarty who muffed Schieblly's throw to third calculated to catch Cullen off his base. Things looked bad in the visitors half for they filled the bases on two hits and a base on balls after two men were out, but McCord fanned Ryan and the clouds cleared away. In the eighth the locals scored two more runs when Taylor reached first on Ryan's error, stole second and third and scored on Cullen's hit. Cullen died at first for Morgan and Wagner were easy outs.

Kiser landed on the ball in the second inning for a three sacker, but died there as Taylor struck out and Mac went out to Phister.

In the second inning McCord struck out three; in the third, two; in the fourth, two; in the sixth, seventh and eighth, two each. Those innings were decidedly his innings.

The game was very fast. In several different innings the sides were retired in one, two, three order.

The team wore its new white uniforms and showed up well. President Geraghty has not yet decided upon the style of caps, belts and stockings to be worn by the club. They will in all probability, be black. The caps worn in the game yesterday were straw caps presented to the players by the management.

TEAM IS BOOKED FOR MANY GAMES

Rushville Base Ball Club Will Play at Frankfort and Franklin.

The local Sunday League base ball team is being booked for many games both at home and abroad during the week. President Geraghty has a strong bunch and he is receiving many applications for games. The last that he now has completed is as follows:

Tuesday and Wednesday, May 9th and 10th, Terre Haute Velvets at Rushville; May 11th, 12th and 13th, Rushville at Lima, O.; May 17th, Cincinnati Eagles at Rushville; May 18th and 19th, Rushville at Frankfort; May 20th, Rushville at Franklin; May 25th and 26th, Franklin at Rushville; June 12th, St. Louis All Stars at Rushville; June 24th, Dayton National Cash Register team at Rushville. President Geraghty still has several open dates which he is trying to fill. Efforts are being made to secure games with Shelbyville, Connersville, the Nebraska Indians, and other teams of strong reputation.

The first eight Sunday League games are as follows: May 14th, Cincinnati at Rushville; May 21st, Dayton at Rushville; May 28th, Middletown at Rushville; June 4th, Springfield at Rushville; June 11th, Rushville at Hamilton; Cincinnati vs. Hamilton Shamrocks at Rushville; June 18th, Hamilton Shamrocks at Rushville; June 25th, Rushville at Covington, Ky; July 2d, Cincinnati at Rushville.

Greenfield Star: Rushville has a splendid base ball team and one that the city should be proud of. The club is organized on a business basis and all the members are "salaried." The games are played at home, near the city, and are well patronized. The club is scheduled for a game every day for the next two weeks, beginning next Tuesday. Five games will be played at home and others at Lima and Cincinnati, O., Frankfort, Columbus, Terre Haute and Covington. This will be a splendid advertisement for Rushville.

LODGE NOTES

One hundred and eighty-five candidates were on the charter list of the new aerie of Eagles that was instituted at Connersville Thursday by the Richmond team. Nearly two hundred Eagles from that aerie were in attendance at the ceremonies and the affair was one of the most enjoyable in which Rushville Eagles have ever participated. Following the work a banquet was the feature. A number of Rushville Eagles were in attendance.

An International Exhibition.

Austria, Germany and Switzerland will hold an international sausage exhibition at Bern in 1906, at which two thousand kinds of sausage will be displayed.

Bow, wow, O, sausage sharps, bow, wow; And likewise, Oh, me ow, me-ow! Two thousand kinds? How can it be The barks upon the sausage sea Have grown to such immensity Without some dire catastrophe?

Two thousand kinds of sausage—what? Doggone it, man, you know it's not It's pork and beef and other things The sausage metered poet sings. Who's stuffing you? Take in your chest. This show will show the wurst is best.

It is their purpose to go either to Cincinnati or Indianapolis and reorganize as a vaudeville company.

SOCIETY NEWS

The Five Hundred Club had its regular meeting this afternoon with Mrs. John Megee, at her home on North Harrison street.

The Amateur Bowling Club has the alleys for this evening.

Mr. and Mrs. Will Moffett entertain the members of the J. J. Club at a seven o'clock dinner this evening.

The Shakespeare Class.

The literary class has become quite popular with Rushville ladies. The club idea. It has been called the end and aim of all club work. The class, however, is in no sense a club meeting, and the members acquire knowledge of more practical value than can be gained by the reading of club papers. Most women who attend literary classes today honestly try to broaden their knowledge of literature. There are some, doubtless, who seek entrance into the classes of popular teachers in order to facilitate their entrance into the charmed circle of society. Generally speaking, the members go in for serious work. The duties are not onerous, and much valuable information is acquired from a good teacher in the course of a two hours lesson. Naturally the teacher must be a woman of literary culture, wide knowledge, and possessed of the ability of imparting her information in an interesting manner. Just such a woman is Mrs. May W. Donnan, who has been conducting the Shakespeare class in this city. Her work has been more than satisfactory, and through means of the class the members have acquired a knowledge of the great works of literature that they could gain in no other way, unless by long and tedious study and research.

Her work here has been completed for the summer, and she will sail for an European tour about May 13th. Probably in October she will renew her work with the Rushville class.

It has not been decided yet just what course of study will be taken up, but the class is contemplating a geographical work. Mrs. Donnan has been conducting a geographical class in Indianapolis, which has proven quite successful. The members use small maps of England specially prepared. The names on the maps are those of places that possess literary associations. Under direction of the teacher, who has visited England and familiarized herself with its literary history, the class has learned where every writer known to history was born, lived and died, where he wrote different poems or bits of prose—in fact, everything connected with his life is brought out. It is this sort of work that the Rushville class will probably begin in October.

The closing meeting of the club until next fall was an open meeting given on last Saturday evening at the home of Mrs. F. G. Hackleman on North Morgan street. All the members of the class were present and each one brought one outside guest. The decorations for the event consisted of dog-wood blossoms, smilax and ferns, which made the room very attractive. Mrs. Donnan read an interesting paper on "The Charm of Suggestion," and added a few helpful remarks on the latest book by Thomas Bayley Aldrich. A very pleasant social hour and refreshments closed the entertainment.

CHURCH NEWS

MORGAN STREET BAPTIST CHURCH.

Rev. Geo. A. Bretz, of Huntington, Ind., will conduct services on Tuesday evening, at 7:30 o'clock.

MAIN STREET CHRISTIAN CHURCH.

The Young Ladies Missionary Circle will meet with Miss Mae Bebout Tuesday evening.

There were six additions by letter to the church yesterday, making 27 additions in the past six weeks.

A large crowd attended the organ recital given at the church yesterday afternoon by the organist, Prof. Riley Small, with the assistance of Miss Carrie Weaver, violinist, of Knightstown, and Mr. Carl Morris, baritone. The affair was quite successful, and did honor to each of the performers. Miss Weaver delighted the audience with her beautiful violin music, which was selected and rendered in splendid taste. The public appreciates Prof. Small's kindness in giving these vesper recitals open to all, and hopes the custom may continue.

Class No. 5, the Ruth Gleaners, will give a social in the basement of the church on Friday evening. Tickets for sale by the members of the class; price 10 cents.

UNITED PRESBYTERIAN CHURCH.

W. P. McGarey preached to a large audience yesterday afternoon at the Glenwood U. P. church.

Communion services will be held next Sabbath morning. The usual preparatory services will be held. On Thursday and Friday night at 7:30, Rev. Neil Ferguson, of Spring Hill, will preach, and on Saturday at 2:00 p. m. the pastor will preach.

A fine crowd heard W. P. McGarey's plea last night for a Y. M. C. A. in Rushville.

The teachers and officers of the Sunday school will meet with Mr. and Mrs. A. C. Brown Tuesday night at 7:30.

Mrs. W. J. Waite will be hostess for the Ladies Aid Society Tuesday at 2 p. m.
